

Driving Directions to the KLT's Koski Shores on Keweenaw Bay

From L'Anse:

1. From US-41, head towards Downtown L'Anse via East Broad Street
2. At the 4-way stoplight, turn Right onto North Main Street. Continue through town. North Main Street will turn into Skanee Road
3. After 9.3 miles, turn Left onto Townline Road, following signs for Aura
4. Just before the pavement ends on Townline Road (4.6 miles), turn Right onto Point Abbaye Rd
5. In 7.4 miles, look out for signs for Milky Way Lane. The property will be to the north of Point Abbaye Road just past Milky Way Lane
6. Look for KLT signs on your left indicating you are close and park along the shoulder of the road

Point Abbaye Road may be rough at times and often have muddy patches after spring snowmelt. The road is only plowed to Milky Way Lane in winter. Be prepared to park at the plow turnaround and hike the remaining distance to the property. There is no direct road access to the property and visitors must hike in through Michigan DNR land.

The center of the property is located at 46.945,-88.196. Plug these coordinates into your GPS to aid you in finding this nature area. GPS boundaries are available by request through the KLT office. Most of the property is wetlands which makes travel difficult. The property can also be accessed from the water via small paddlecraft, though the nearest public launch is several miles away.
