

## Driving/Paddling Directions to the KLT's Princess Point Nature Area

From Houghton:

1. Head South on US-41, following signs for Baraga
2. Continue on US-41 for about 10 miles, passing through Chassell
3. After you cross over the Sturgeon River, look for signs for a MDNR boat launch on your Left in 0.8 miles. If you reach a DNR parking area with a pavilion and observation tower, you have gone too far and need to backtrack north 0.2 miles
4. Park in the parking area and launch your paddle craft from the public boat launch
5. Follow the path marked below to reach the pull out spot at Princess Point. The total paddling distance is about 1.6 miles one-way

The Princess Point Nature Area is located around 47.019139,-88.467140. Enter these coordinates into your GPS to find the property along the dense shoreline. The DNR boat launch is not plowed in winter. There is no high ground between the parking area and Princess Point, so plan your trip accordingly and bring plenty of water, snacks, and emergency supplies. Please wear safety gear and paddle at your own risk.
