

DRIVING DIRECTIONS to Keweenaw Land Trust Lightfoot Bay Coastal Wetlands Conservation Area:

Turn off Highway US-41 to downtown L'Anse. Travel past a yellow flasher to the red flasher (4-way stop) in downtown. Turn RIGHT onto MAIN STREET -- follow up the hill and out of town - Main will become the SKANEE ROAD. Travel on the Skanee Road for about 15 miles to Town Road – just past a large sign welcoming you to Skanee. Turn LEFT onto TOWN ROAD and travel about a mile around a right bend to LEFT on WITZ ROAD. Travel for about ½ mile to the marina. Keep going forward onto what is now called the PINERY CEMETERY ROAD – a sandy narrow road. Watch for KLT SIGNS along the LEFT for the day-use parking and then the cabin drive.

IN WINTER the Pinery Cemetery Road is not always plowed between the marina and cemetery. BEST to continue on the Skanee Road past the Town Road to a LEFT on WESTROM ROAD (not far past the Skanee School). Travel for about 1 ½ miles and then keep going STRAIGHT onto PINERY CEMETERY ROAD (don't follow the Lower Skanee Road as it bends right). Follow the Pinery Cemetery Road for a little over a half-mile, around a left bend, to the Skanee Cemetery on the right. There is parking at the cemetery entrance, but you can try to continue on and there may be a pull-off plowed near the cabin drive. No overnight parking allowed at cemetery – contact office in advance for current suggestions for winter overnight parking.
